Chairman's Report

By Robert Benge

As some of you may be aware, I'm currently enjoying a European trip, taking in beautiful scenery, historic towns and, of course, a few motoring highlights along the way.

One highlight has been visiting Malcolm Campbell's famous K7 Bluebird, a remarkable piece of British speed-record history and a real treat for anyone interested in motoring. We also attended the Goodwood Revival, an impressive event. This was my third visit, and I continue to be impressed by how exceptionally well organised it is.

I've been in Italy for a few weeks and am currently paying between €2.00 and €2.15 per litre for fuel, which equates to around $4.25 NZD. It seems that the same economic and social issues arise wherever you travel in the world.

I was sorry to hear that the weather prevented our September visit to the new fire appliance at Napier Airport. Hopefully, we can reschedule this for another time.

I would like to wish all members attending this year's Safari an enjoyable weekend. I'm sorry I'm unable to attend, as it is a highlight of our branch's motoring calendar. Have a fun and memorable time, and I wish everyone safe and trouble-free motoring.

I will also miss our November club night, which will include another round of long-service award presentations. I would like to thank Larry, our branch secretary, for doing a sterling job managing the long-service badge awards. Glyn Clements will be attending to present the awards.

Congratulations to all the recipients**.**

One final reminder is the upcoming Homestead Run, scheduled for November. This is a popular event, and the organisers, Esther and Graham, do a great job of finding an interesting property to visit, so please make sure you save the date.

Robert

Safe and happy motoring

Club Captains Notes

By Ian Elmsly

Greetings all,

It's been an interesting month, with a few wheels almost falling off!!

First up was the ill fated Sunday Run for a tour at the airport (refer Run Report) then we had the Club Night where we were very fortunate to have a presentation by John Cocking and a viewing of his movie “The Day that Changed the Bay”. The night started with enthusiasm that I had everything covered , until the DVD would not run!

Quick action by Richard Comrie had him racing home to get his laptop from which we could view what turned out to be a great insight into the day the earthquake hit Hawkes Bay, and the resulting rebuild to the great architecture that we see today in the Art Deco style.

It then led on to the formation of what we know today as the Art Deco Festival and what it has bought to the city and region. Let's hope the next generation get involved and keep it alive!!

A big thank you to John for his presentation and to Richard for saving my bacon!

Going forward we have the Safari Weekend coming up on the 30th October, and everything is now in place.

So that is it from me. See you at the club or on an event.

Cheers
Ian

Special General meeting

Information on the following pages regarding a motion which amends the branch Constitution.

COME ALONG AND JOIN US FOR OUR MEETING.
HAVE A CHAT AND A CUPPA & SUPPER AFTERWARDS

Notice of Special General Meeting

To be held at the club rooms 7.30pm Wednesday 11 November 2026

To consider the below motion, which amends the Branch Constitution.

The reason behind this proposed change is to have the branch accounts for the foreseeable future prepared by Bay Audit and Accounting, who at present review accounts which have been prepared by the Treasurer.

Because they are chartered accountants the accounts will have to be prepared to the Chartered Accountants standards anyway, which is the standard they usually review them to. This will save the branch treasurer a large amount of work preparing them for review.

There is not expected to be a significant cost difference between the current review and the proposed full preparation.

Motion being put to the SGM:

That the last sentence of paragraph 20.2 of the branch constitution be changed **from:**

At the completion of each financial year, the financial statements for the past year shall be audited or reviewed by the appointed Reviewer or Auditor who may be a member of Chartered Accountants Australia and New Zealand.

To:

At the completion of each financial year, the financial statements for the past year shall either (a) be prepared for the club by an appointed accountant who is a member of Chartered Accountants Australia and New Zealand, or (b) if prepared by the club treasurer be reviewed by an appointed Reviewer or Auditor who must be a member of Chartered Accountants Australia and New Zealand.

Mid - Week Run Report

Wednesday – 7th October 2026

What an awesome spring day we had for Richard and Anne's run on the 7 th October.

As is said, a stunning day in the Bay. 16 club eligible cars, and a couple of moderns, lined up at the car club from 9.30am. Plenty of grandchildren on hand due to school holidays.

It was nice to see some new faces on the run, but also to catch up with the regular Wednesday folk. At 10.00am, after we had been handed our run sheets by Richard, we made our way to SH51 past the early morning golfers. We headed to Clive for a coffee or tea and something to nibble at Clive Café, although because of the weather there were a lot of cyclists enjoying the drinks and nibbles as well.

Out the back roads of Clive we headed to Tukituki Road, driving through stunning scenery, past the Red Bridge Café, over the bridge and past Craggy Range.

From there we seemed to head off in different directions, some following Richard and Anne's instructions, some making their own way to the Arataki Honey Visitor Centre,for tastings, shopping, and nattering.

We were also given a talk about how Arataki Honey began, with 17 year old Percy Berry being asked to help a neighbour remove a swarm of bees from a tree. That was where the dream began. In 1944 Percy bought 9 acres of land in Arataki Road. With his son Ian he registered 131 hives and began a journey that has resulted in the Arataki Honey we all know and enjoy.

Today, still family owned, there is 3 manufacturing sites across NZ, over 1.5 million bees and, most importantly, still a love of honey.

When we had had our fill of honey, and shopping a few members headed off home or to other appointments but most of us headed off to the Rose and Shamrock for a splendid pub lunch, more chattering and a cold drink.

Many thanks to Richard and Anne for a splendid run, and turning the weather on for us. Guys, a great day out.

Carol Eager

Classics on Wednesdays Mid-Week
December 2nd 2026

Our mid-week Christmas run is always full of surprises, different roads travelled, Santa always calls in on his way around along with his fairy. This year you will head way out West and finish at a place that we know you will enjoy.

Leaving your place head south and onto SH50 Via Roys Hill and just keep going south, head for Maraekakaho.

Turn off SH50 at the monument turning right into Kereru Road and park in the hall school parking area. If you're lucky there may be a coffee cart in the car park

The start place for the first section is at Maraekakaho parking area.

Our drive from there will start at about 10.30- 11.00am. Therefore, your days outing begins from your garage.

The lunch stop offers simple and tasty lunch selection of platters or pizzas, along with a good choice of wines and beers etc.

As usual everyone is asked to bring a little present and place it in Santas Sack.

Everyone will then receive a Christmas gift at our lunch stop.

We need numbers attending this event, please send those to this email address: **clydebrowne@xtra.co.nz**

Best wishes

New Airport Fire Station

Airport Fire Station Run

Sunday October 11th

Well, after a few months of eager anticipation, the day arrived for the Clubs Sunday Run, bought forward to fit in with the busy schedule at the airport, and with the weather looking not to bad.

21 Cars assembled at the clubrooms, ready for a Sunday run in the country, carefully planned by the writer, in co-operation with the airport connector of Esther, to ensure that we arrived there at the correct time for the "tour".

We duly dispatched the members who seemed to be brimming with excitement at the anticipated destination visit. Esther disappeared with the relevant signs heading straight to the airport to set up the welcome committee and ensure we were parked correctly. This after a "footwear inspection" by the co-ordinator.

As we stayed at the clubrooms to lockup etc and after a 15 min wait to give members a head start, I started to look at the build up of clouds, and with some growing concern, we heard the sound of a thunder storm rolling in and the accompanying rain started. I started to think, do I ring Esther? or wait & hope it passes and we don't have to stand in the rain at the destination!!

Then came the call I was dreading! Esther! Due to a now forecasted really bad weather pattern with projected rain, winds, hail & thunder, the Airport Authorities had pulled the plug! Logical really as they would not have wanted us standing there in the event of an operation issues as a result of the weather, so full credit to the airport in making the decision.

But bugger, we still had 21 cars running around the place. So we hightailed to the airport while also ring the few numbers we had, to redirect people back home (or to a local pub!) Stationed at the airport we joined the Smithy's and sadly turned those hardy souls away, all the while trying to check that we had all the cars accounted for.

After waiting way past the scheduled arrival time at the airport, we calculated that we had everyone accounted for and took solace at the Westshore Pub, where low & behold we found some of our group "sheltering" - yeah right.

So sadly, our visit & tour of the airport did not happen! But we have it for another day and as this run report shows, you can make a story out of nothing!!

Thanks to you all for understanding the cancellation and we will do our best to get back there, likely in the new year sometime.

Cheers Ian

Veteran and Vintage Vehicle and Motorbike Run

Friday 20th November 2026

There are a number of veteran and vintage vehicles and motorbikes in the club that we don't now often see out on club runs or events. This can be due to the challenges of modern traffic or because club members find club runs are understandably easier on both vehicles and drivers in a more modern club vehicle. Likewise there are a number of club motorbikes that are rarely seen.

To give an opportunity for members with these vehicles to get them out, a short lunch run is planned to cater for veteran and vintage vehicles (**i.e. up to 31st December 1931) and all club eligible motorbikes only.** This will be an easy and relatively short run on sealed roads with a lunch stop at a winery south of Hastings. We plan to make a short stop at a school on the way (subject to final arrangements).

Details:

Date: Friday 20 th November 2026

Start: Meet on SH50 at the Omahu Road end facing south by10.30am for a 10.45am start.

Distance: Fernhill to winery 20km

Luncheon: The winery does pizzas and platters at your cost

Feedback: Please let me know by Wednesday 18th November if you intend being a starter so I've got an idea of numbers.

Johns Chrysler For Sale Advert

1939 Chrysler Royal C22 for sale. The car underwent significant refurbishment a few years ago. The brakes and motor were rebuilt and was driven about 200 km and parked in its current parking place from where it hasn't moved since.

The car has been sitting on flat tyres since it was parked up which no longer hold air and would need replacement and it has leaking frost plugs in the motor.

The body was stripped and a bare metal repaint was done in a very nice gold colour which suits the car very well. Unfortunately, it was a really shonky paint job and now has very bad humidity blistering which would mean another complete strip and repaint. The interior was renewed and is excellent. The car is in Clevedon, Auckland. $5000.00 Ph. 021 923 608

Hinged drop "D" door pull handles suitable for a large 1930s saloon. Similar concept to those fitted to MGBs but those are too modern. Ideally, I'd like four matching ones but two would be a good start.
